PART 1 – 2023/24 ADJUSTMENTS BUDGET

1.1. Executive Mayor's Report

1.1.1. Summary of reasons for the 2023/24 Adjustments Budget

In accordance with Section 28 of the Municipal Finance Management Act, Act No 56 of 2003 (MFMA), a municipality must revise its approved annual budget through an adjustments budget, in the following circumstances:

- i. To adjust the revenue and expenditure estimates downwards if there is material under-collection of revenue.
- ii. To appropriate additional revenues that have become available over and above those anticipated in the annual budget, but only to revise or accelerate spending programmes already budgeted for.
- iii. To authorise the spending of funds that were unspent at the end of the past financial year where the under-spending could not reasonably have been foreseen at the time to include projected rollovers when the annual budget for the current year was approved by the Council.
- iv. To authorise the utilisation of projected savings in one vote towards spending under another vote.
- v. To correct any errors in the annual budget.

The Municipal Budget and Reporting Regulations stipulate that one adjustments budget may be tabled in the Municipal Council during a financial year. The Adjustments Budget must normally be approved by Council by the end of February.

In line with the MFMA and the Municipal Budget and Reporting Regulations, the 2022/23 approved Budget has been adjusted. The adjustment has mainly been necessitated as result of the following:

- The need to adjust revenue and expenditure estimates, in line with revenue collection rate.
- The need to appropriate additional revenues that became available over and above those anticipated in the approved 2022/23 Budget.
- To authorise the spending of funds that were unspent at the end of the past financial year where the under-spending could not reasonably have been foreseen at the time to include projected rollovers when the 2023/24 annual budget was approved by Council.
- The need to authorise the utilisation of projected savings in one vote towards spending under another vote.

1.1.2. The Executive Mayor recommends that the Council approves the 2023/24 Adjustments Budget.

1.2. 2023/24 Adjustments Budget Resolutions

1.2.1. Approval of the Adjustments Budget

- i. The Executive Mayor recommends that the Council, by resolution taken by the majority of its full number, and in terms of Section 30(2) of the Local Government: Municipal Structures Act No. 117 of 1998 (as amended), read in conjunction with Section 28 of the Local Government: Municipal Finance Management Act, Act No 56 of 2003, approves the 2023/24 Adjustments Budget as set-out in the following tables:

The increase in transfers recognised capital funding is attributable to prior year unspent conditional grants which were rolled over to the 2023/24 financial year. The conditional grants include Human Settlement Grant amounting to R 19,841 million, Municipal Disaster Relief Grant amounting to R 3 million and Integrated National Electrification Programme Grant amounting to R 2,8 million.

It must be noted that the 2023/24 approved Budget reflected a funding surplus of R 14,795 million, whilst the 2023/24 Adjustments Budget reflects a funding surplus of R 7,042 million. The funding surplus decreased by R 7,753 million due to additional funding for roads reseal, LA Mer pump station and Humansdorp groundwater supply.

A provision of R 65,880 million has been set aside to cover potential bad debts and write-offs arising from property rates and service charges not collected. This is based upon a level of payment of debtors' accounts averaging 92%.

The free basic services programme currently, provides the following benefits to poor households:

- Free 50 kwh of electricity, plus basic charges
- Free 12kl of water, plus basic charges
- Free monthly refuse charges
- Free monthly environmental fees
- Free monthly sewerage charges (based on 12kl of water)
- Less extra R 85 000 on the value of the property for rates charges

Explanatory notes to Table 4 B1 – Adjustments Budget Summary

The aim of the Adjustments Budget Summary is to provide a concise overview of the proposed Adjustments Budget from all of the major financial perspectives (operating expenditure, capital expenditure, financial position, cash flow, and MFMA funding compliance). The table provides an overview of the amounts to be approved by Council within the context of operating performance, resources utilised for capital expenditure, financial position, cash and funding compliance, as well as the Municipality's commitment to eliminating basic service delivery backlogs.

Explanatory notes to Table 6 B3 – Adjustments Budget Financial Performance (revenue and expenditure by municipal vote)

The purpose of the format in which the Adjustments Budget is presented, is to enable the Council to enforce a vote in accordance with the municipality's organisational structure, so as to assign responsibility for the revenue and expenditure recorded against these votes to the Municipal Manager and Directors concerned. Operating revenue and expenditure is thus presented by "vote". A "vote" is defined as one of the main segments into which a budget of a municipality is divided into, for the appropriation of funds.

Explanatory notes to Table 7 B4 – Adjustments Budget Financial Performance (revenue and expenditure)

Revenue

- The Financial Performance Adjustments Budget is required to be approved concurrently by revenue source and expenditure type, to ensure consistency with annual reporting format requirements.
A key aim is to facilitate comparison between the annual results and the Adjustments Budget, to assess performance.
- Total operating revenue amounts to R 1,294 billion in the 2023/24 Adjustments Budget, compared to the amount of R 1,159 billion in the 2023/24 approved Budget. This represents an increase of R 134,866 million or 11.64% and is largely influenced by an increase of R 124,263 million in fines, penalties, and forfeits revenue as result of change in accounting for municipal traffic fines issued.
- The significant variations in revenue, compared to the 2023/24 budget are as follows.

3.1 Services charges – electricity revenue

Electricity revenue decrease by R 37,951 million, compared to the 2023/24 approved original budget. The reduction is mainly due to low electricity sales/consumption levels because of loadshedding.

3.2 Service charges – water revenue

Water revenue increased by R 17,179 million, compared to the 2023/24 approved original budget. The increase is mainly due to high water consumption levels and the implementation of Council approved punitive tariffs.

3.3 Service charges – sanitation revenue

Sanitation revenue increased by R 0,954 million, compared to the 2023/24 approved original budget. The increase is largely influenced by an increase in sanitation availability fees and connection/reconnection fees.

3.4 Service charges – refuse revenue

Refuse revenue increased by R 0,386 million, compared to the 2023/24 approved original budget. The increase is mainly due to environmental management fees.

3.5 Sale of goods and rendering of services

Sale of goods and rendering of services increased by R 1,210 million, compared to the 2023/24 approved original budget. The increase is largely influenced by building related fees and removal of building restrictions.

3.6 Agency services

The increase is mainly due to the R 1,8 million for the recognition of write-off of unallocated receipts and R 0,150 million received from the Department of Environment, Forestry and Fisheries. Explanatory notes to Table 9 B6 – Adjustments Budget Financial Position

- 1 The table represents Assets Less Liabilities as Community Wealth. The order of items within each group is also aligned to the convention of showing items in order of liquidity, e.g., assets readily converted to cash or liabilities immediately required to be met from cash appear first.
- 2 Any movement on the Adjustments Budgeted Financial Performance or the Capital Adjustments Budget will invariably impact on the Adjustments Budgeted Financial Position. For example, the collection rate assumption will impact on the cash position of the municipality and consequently inform the level of cash and cash equivalents at year end. Similarly, the collection rate assumption informs the budget provision for debt impairment, which in turn impacts on the provision for bad debts. These budgets and planning assumptions form a critical link in determining the applicability and relevance of the budget as well as the determination of ratios and financial indicators. In addition, the funding compliance assessment is directly informed by forecasting the statement of financial position.
- 3 The cash flow position requires close and ongoing monitoring.

Explanatory notes to Table 10 B7 – Adjustments Budgeted Cash Flow Statement

1. The budgeted cash flow statement represents the first measurement in determining whether the budget is funded.
2. It reflects the expected cash in-flows versus the cash out-flows that is likely to result from the implementation of the Budget.
3. The municipality will have to maintain its efforts of enforcing strict cash flow management and monitoring on an ongoing basis.

Explanatory notes to Table 11 B8 – Cash Backed Reserves/Accumulated Surplus Reconciliation

1. The cash backed reserves/accumulated surplus reconciliation is aligned to the requirements of MFMA Circular 42 – Funding a Municipal Budget.
2. The table assesses the funding levels of the budget by firstly forecasting the cash and investments at year end and secondly reconciling the available funding to the liabilities/commitments that exist.
3. As part of the budgeting and planning guidelines that informed the compilation of the 2023/24 Budget, the end objective was to ensure that the budget is funded as required in accordance with section 18 of the MFMA.

4. It is to be noted that the 2023/24 approved Budget reflected a funding surplus of R 14,795 million, whilst the 2023/24 Adjustments Budget reflects a funding surplus of R 7,042 million.
5. The Adjustments Budget funding position indicates that the Municipality must continue to exercise strict fiscal discipline to maintain and improve its funding position.
