
PLANNING & DEVELOPMENT DIRECTORATE

**TEMPORARY SUSPENSION OF PUBLIC PARTICIPATION
(ADVERTISING) ON LAND DEVELOPMENT APPLICATIONS**

Notice is hereby given that newspaper advertisements, sending of Registered Notices and site notices for Land Development Applications will be suspended from the **13th of December 2024 to 15th of January 2025**, deemed as core Festive Season, including both days. No land development application shall therefore be advertised any day after the 12th of December 2024 or before the 16th of January 2025. In circumstances where advertising of an application has already commenced and the normal 30-day time period to comment/object falls within the specified period, the advertising period shall be extended by a number of days that have fallen within the core festive season as deemed in terms of this notice.

Applicants are reminded that the notice period for formal advertising of any land development application shall be confirmed and verified by Town and Regional Planning Department in all instances.

The above decision was taken to accommodate the Festive Season, as people are away from their homes during this period and to promote effective and transparent Public Participation processes in Land Development Application processes.

Your understanding in the above regard is highly appreciated.

BEST WISHES FOR THE FESTIVE SEASON!

C DU PLESSIS - MUNICIPAL MANAGER
